MAYOR Name	O1) Zoos & Aguariums	Q2) Animals In Entertainment	O3) Factory Farming	Q4) Plant-based Foods	QS) Meatless Monday	O6) Pet-friendly Housing	Q7) Animal-Related Bylaws
Helen H. S. Chane	Wild and excite seimals (including those who are capits before who are capits before who are capits before the biological and behavioural needs that cannot be met when kep in capitally. These animals can suffer greatly when confined in unshall environments. If excited, will you support ending the excited, will you support ending the exercise of capitally, in form of panient exercises of capitally, in form of panient exercise, rehable and release programs and wildlife conservation efforts?	Palic seriment surrounding the use of animals for entertainment (e.g. drouse, dog-shedding, rodes events like all freging, steere-wretting and exam roging, use of wild or exott animals for tryffini) has althied in recent years, due to horressed awareness surrounding animal welfare awareness surrounding animal welfare awareness surrounding animal welfare examines surrounding the use of animals for entertainment purposes in favour of animal and family-friendly events?	More than 100 million animals we raised and shaghtered for floor every pear in birtish Columbia. The vast majority are confined in unstant and intensive conditions and a number of undercover investigation in receiver years have received widespreed issue of animal to intensive conditions and a number of undercover investigation in receiver years have received widespreed issue of animal resistant and a second or such as a second or leaving the animal argument of the properties of the second or leaving the animal forming industry.	here is growing consensus among exports that significantly reducing or eliminating our consumption of animal products is a necessary step in indigating climate change, addressing factory farming and protecting public health. If elected, will you support offorts at the municipal level to the cream availability of plant-based feeds.	Meatless Monday is an international momentment that aims to help protect animal welfare, the environment and public health by excuraging people to skip meat one day a week. This instalve to relacte our of cellective overconsumption of aims all products has seen significant extractions. The cells of the	Anidat an unprecedented afforciable housing citis and historially low vacanory critical solutions, or season and control and c	Manicapilities have the ability to regulate concerns related to a minist. If elected will you ensure that standards of care are outlined in your animal-related bylaws, ensuring that nuisance and welfare issues are addressed together?
<u>Derek Corrigan</u> Sylvia Gung	Yes. "Also, we humans must think about our own that in a similar situation of we agree to the fact that we or our brains argues to the fact that we or our brains are beyond. Could our public education that holds its goal to educate so that our youngsters could "sand on a well springgood pit" nor make but humans go crays and volent? Making matters even worse, there are some miny of that kind of jobs. Are we alight?"	Yes. "Also, the way we take care of or educate our children is to entertain southees on see than as the tool, to keep countries of the see that is not the countries of the seed of the countries	Yes. "Please, try to understand where my thoughts are drowning, low about human youngers who understanded you then are youngers with the production of the case. And the government entroit them to small farms that are called foster homes, and they are treated badly by the workers there. I am sure that sootly can do something about this if it pays attention as much."	Yes. "How about coming up with some window small plans for attractive vegetable patches, for those via one willing but show under any other work of the plans with the plans with the plans to grow foods?" *	Yes. "What could go wrong if we feed children vegetarism mests while they are in schools? Whould the schools have hard brocked have the school have hard broad have hard broad have broad hard hard hard hard hard hard hard ha	Yes. "Whether if it is about pets or the number of human family members, the decisions should be that the family and the community, to work it out and about means of desulfication, as well."	Yes. "Pets' welfare depends on the owners' welfare Anima's suffer when humans suffer. When humans suffer in humans suffer. When humans suffer in humans suffer when humans suffer in human suity' depends on how they grow so and how they have been trained! educated. Once humanity recovers, everything will be fine. Can we start fining our public deduction? What is wrong with our public deduction? How about stopping the Site C dam construction and use it or rescuing humanity, starting from the homeks people, youth, as in Vancouver's DTES?"

Pau McCories Rick McGowan Carrie McLaren	"I support moving toward Rescue, rehab and release programs and not eradicated wildlife habitat that causes the need for rescue and rehab to begin with (sealife caught in nets, bears looking for food in smaller areas and getting into human garbage, etc)"	Yes. "I would support ending such entertainment practices."	Yes. "I support government regulation of animal farming - especially factory farms."	Yes. "Yes, currently the city does not do enough to promote or make it easy to grow your own food. Community space for gardens and food growing should be the norm."	Yes. "I currently practice this, usually more than just Monday."	Yes.	Yes.
Ballinder K. Narang Claire Preston	Yes. "I only support keeping animals that would not be able to survive in the wild and cannot be rehabilitated. However, I do disagree with the Vancouver park board's complete ban on keep cetacears, as we any need to hold the animals while we provide them with medical treatment, and again I think we need to be able to provide a safe space for animals who would otherwise not survive."	Yes. ¹¹ am against the exploitation of animals for entertainment, this especially applies when the animal is harmed (like in rodeos). ²	Yes. "How animals are treated by industrial farms is barbanic and we need to end these practises. However while I will lend my voice to this cause, there are not a lot of ways I can influence this in Burnaby, since we do not have a lot of farms."	Yes. "I would like to see an end to things like food waste, more food produced locally, and to lower the prices of fruits and vegetables by making farmers government employees whose livelihood is not balanced keeping food costs high with supply and demand."	Yes.	Yes. "I have cats myself, and I have found it extremely difficult to find housing because of it. The only time it is appropriate to ban pets is when there is a shared living situation where 1 or more people have an alleges or phobias. As an elected official I would work my hardest to change those laws."	Yes.
Lee Alexander Rankin	Yes. "I do not support keeping wild and exact: estimate in primatent captivity. Our protecting and returning marker aimman protecting and returning native aimman habitate whether on land or see. The public should be educated on the importance of maintaining blodivens thy and habitat for indigenous species. The protection and restoration of natural habitat is citical to sufficiency and the protection and restoration of natural habitat is citical to survive and flourish in the wild."
