Name Douglas Blamey Errite Davin	Call Joods Adjustments Will and exotic animals (including those who are captive-bred) have unique biological and behavioural needs that cannot be met whon kept in captivity. These animals can suffer greatly when confined in unnatural environments. If detected, will you support ending the keeping of willd and exotic animals in permanent captivity, in favour of genuine rescue, rehab and release programs and wildlife conservation efforts?	(2) Advances in Griertainneett Deblie sentiment E.e., circuse, animals for entertainneett (e.e., circuse, des-siedding, roboe events like call-roping, steer-wrestling and team-roping, use of waarenees surrounding animal welfare concerns. I elected, will you support endrig the use of animals for entertainment purposes in favour of animal and family-friendly events?	Q1) Factory Farming More than 100 million animals are raised and slasphered for food every year in firstils Calumbia. The wast majority are confined in unnatural and intensive conflictions and a number of undercover investigations in recent years have revealed widespread susces of animal verlars discover and the state of the state of the state discover and the state of the state of the state discover and the state of the state of the state discover and the state of the state of the state discover and the state of the state of the state discover and the state of the state of the state discover and the state of the state of the state discover and the state of the state of the state discover and the state of the state of the state discover and the state of the state of the state discover and the state of the state of the state of the state discover and the state of the state of the state of the state discover and the state of the state	Oil Plant based Food: There is growing contensus among experts that significantly reducing or eliminating our consumption of animal products is a necessary step in mitigating climate change, addressing factory farming and protecting public health. If dected, will you support efforts at the municipal level to increase availability of plant-based foods?	(2) Meatless Monday Meatless Monday is an international movement that aims to help protect animal verlar, the environment and public health by encouraging people to sign meat one day as wet. This initiative to reduce our collective overconsumption of animal products has seen significant growth in Metro Vancouver in recent years I elected, will you support the local Meatless Monday movement?	Cip Peter Finndhy Houxing Amidst an ungreechented alfOrdable housing crisis and historically low vacancy retes across finito Clumbla, alfOrdable pet-finedhy housing is in dramatically abort stopply. If elected, will you support ending the 'no pets' reental policies?	(2) / Animal Related Diplaus Municipalities have the ability to regulate concerns related to animals. If elected will you ensure that tandards of care are outlined in your animal-related bylaws, ensuring that nuisance and welfare issues are addressed together?
Mike Morden Mike Shields							
Craig Speirs	Yes. "I support these becoming rehab and recovery centers."	Yes. "I support family friendly entertainment. Exotic animals shouldn't be subject to this type of activity."	Yes. "My family and I try to spend our money accessing humanely product animal products where they are available. I see a need for more government oversite in this area."	Yes. "I am a past director of our local farmers market and have actively encouraged increased agricultural activity in my community."	Yes. "We need to encourage less dependence on meat as a source of protein."	Yes. "I would support limiting the ability for landlords to limit renters pets. The criteria to refuse renting to pet owners should be limited and focused on health issues such as allergies."	Yes.
CITY COUNCIL Name							
Chris Bossley	Yes. "If elected, I will support ending the keeping of wild and exotic animals in permanent captivity, in favour of genuine reckue, rehab and release programs and wildlife contensation efforts. I have personally byourcell doos and aquariums that keep wild andry fold animals in that keep wild andry fold animals in that keep wild andry fold animals in the keep wild andry fold animals in the keep wild and wild and animals in the keep wild and wild and animals in the keep wild and any state and any wild by a support and any state and any wild how, performance or other form of entertainment, which includes one or more catecams." I was disapointed when the BC superne Court ruled that the park board dh as asked the BC court of Appeal to overturn and andry of the BC desires at the dry's board han asked the BC court of Appeal to overturn disapointed of the BC desires (the park board han asked the BC court of Appeal to overturn disapointed of the BC desires (the particular state) and the parks applies to the aquarium and and the bard state of the aquarium and and the BC desires (the particular state).	Yes. "If decided, juill support ending the use of animals for entrationment purposes in favour of animal and family-finding vents." I have supported the BCSPCA Paras for a Cause Walks to Fight Animal Crueity and Outmittened with the SPCA value dug and assisting with cat adoptions."	Yes. "If elected, I will support government regulation and oversight of the animal farming industry. I have been horrified by the information that has come to light regarding the treatment of animals raised and supplement of food in Briths Columbia by the footage shall inside large-scale animal processing plants in the 2008 documentary film, Food, Inc"	Yes. "If elected, I will support efforts at the municipal level to increase availability of plant-based foods. Our hanny Farmers' Market, which operates May to November, supports many local farmers and produces. Here is a link to their website. http://www.haneyfarmersmarket.org/	Yes. "If detected, I will support the local Meatiess Monday movement. I am not a vegetarian, but I rarely eat meat, and I on't think It would be asking to much of people to skip eating meat one day a week."	Yes. "If dected, I will support ending the 'no pet' rental policies. I signed the change.org End "No Pets" Policies In British Columbia petition stimig, in part, that "affordable pet-friendly housing is in dramatically shore the part's policies in PS' of creatish area to part's policies in unfar disadvantage to scrube housing. Stratas often enable unreasonable pet restrictions, limiting the choice and personal freedown of homeowere. In 2016, the BC SPCA alone took in 1,778 companion animas due to the lack of pet- friendly housing, a number which has stea- tisedly each year since they started keeping records in 2012." As a renter, I alowed b, and the first thing I dd when I became a homeowere was adopt a dog. I became a homeowere was adopt a dog.	Yes." If elected, I will ensure that the standards of care are outlined in our animal-related bylaws, ensuring that nuisance and welfare issues are addressed together."

Name	(1) Environment anong experts that significantly reducing or eliminating our consumption of animal products is a necessary step in mitigating climate change, addressing factory faming and protecting public health. If decided, will you support efforts within your school district to increase availability of plant- based foods?	2013 Hereines Monday Meatiess Monday's in International movement that alives to help protect animal wiffer, the environment and public health by encouraging people to sky mest one day a week. This initiative to reduce our collective overconsumption of animal products has seen agenificant growth in Metro Vancouver in recent years. If elected, will you support the local Meatless Monday movement?	(1) Annual Disectors in Schools As effective and low-cost alternatives to samal dissection have become widely available, a growing number of school districts are enacting student choice policies that allow students the ability to opt out of animal dissections and be given non-animal alternatives. Meanwhile, a recent survey indicates that 72% of British Columbians agree that school boards should have written student choice policies to this effect: If elected, will you support the inclusion and implementation of a student choice policy for simal dissection within your school district?				
Mark Bailey Kim Dumore Robert Hornsey							
Robert Hornsey Gord McCallum Mike Murray Brenda Rubenuik Pascale Shaw	No. "Henring a vegetation option on functioning should be encouraged, but this just an area where funds should be diverted from classroom. There is a fruit/vegetable program in mary schools that is corporately sponsored and fully support that, but the humane treatment of animals is an issue for adults to deal with."	Yes, "I assume this would be voluntary to follow and not part of the curriculum. It move havins to expose children to leaks but we must realize that some parents straggle to get their children to est a variety of foods, to afford healthy options and do not need more social pressure on them."	Yes, "If a student does not wish to dissect an animal likey should be able to learn what through other means without penalty."				
Colette Trudeau Elaine Yamamoto	Yes. Talready incorporate a number of gianchased foots into my diet. I do believe that an initiative such as this will take some time to imginement, however, the benefits and health outcomes have been identified through a number of research reports."	Yes. "T think this is a wonderful idea and is the first time i've heard of this movement. I believe our society as a whole could benefit from eating plant-based alternatives as often as possible. I also want to acknowledge that many families artuggle to afford healthy foods, therefore, often purchase processed alternatives. It's important to encourage individuals to embrace this movement, while acknowledging the barriers to participation."	Yes. The bieve that student horice is important and that, with the support and authorization of a parent or guardian, a student can elect not participate in animal dissection. It is also important to ensure that an alternative activity is identified that meets the learning outcomes within the curriculum."
